Chuan Spa - The journey begins...

In Chinese, Chuan means flowing water. As the source of life, water represents the re-birth and re-balancing of our whole being. At Chuan Spa, we provide you with a journey to wellness combining superior service with holistic treatments that nurture, heal and restore.

Our contemporary Oriental designed Spa creates an opulent retreat from the chaos of the outside world. Providing individual and dual treatment services, a heated outdoor pool and spa pool combined with saunas, herbal steam rooms, ice experiences and snail showers. Chuan Spa Auckland is a haven of holistic, luxurious Spa experiences. Combine this with our exclusive treatments and exceptional service and you will leave refreshed, relaxed and totally rejuvenated.

Leave the hustle and bustle behind as you enter the haven of Oriental serenity. This is where your journey to rediscovering your source begins.

Tri-bathing Ritual

Before your treatment, embark on a natural water journey - the Chuan Tri-bathing Ritual.

The complimentary Tri-bathing Ritual features an array of wet facilities to exploit the body's reaction to hot and cold stimuli to encourage deeper dimensions of relaxation, health and wellbeing.

The ritual begins while bathing under Chuan's snail shower, allowing jets of warm water to loosen and soothe tightened muscles. Then invigorate your skin with a cooling ice experience then round off the ritual while relaxing in the warm, aromatic, five element herbal steam room to help bring your Qi into balance pre-treatment.

The regime of alternative hot to cold produces rotating sedative and invigorating responses in the body and stimulates and awakens your senses. The hot and cold sensation on the skin penetrates deep into the body where it is instrumental in balancing the energies, stimulating the immune system, enhancing blood circulation, promoting detoxification and restoring the body to a state of harmony.

The Chuan Tri-bathing Ritual is part of the journey to rejuvenate and soothe your body, mind and soul.

Chuan Spa and the Five Elements

The foundation of our Chuan Spa signature treatments is Traditional Chinese Medicine (TCM) and the five elemental forces of wood, fire, earth, metal and water. These elements combine with your energy flow and the influence of Yin and Yang have great effects on your wellbeing.

Spending a moment to complete a five element questionnaire at the beginning of your journey ensures your therapy addresses the imbalances of your life elements. Your selected element may change on a daily basis and is affected by what you eat, the seasons of the year as well as your bio-rhythms.

Our range of five element essential oils, lotions and teas have been created exclusively and in consultation with professionals in Chinese Medicine and Naturopathy.

Traditional Chinese Medicine

Based on an ancient system of health and wellness that has been widely used in China for thousands of years, Traditional Chinese Medicine looks at the entire well-being instead of focusing on treating a specific ailment. Chinese medical practitioners believe that any disharmony in the equilibrium of the Yin and Yang energies in one's body affects our health and mental wellness, their task is hence to restore the balance of the energy flow. Through herbal medicine, acupuncture, massage, breathing , exercise and diet, the aim is to supplement the deficiency of Yin or Yang and to reduce the excess.

Traditional Chinese Medical Consultations and Treatments

24 hours notice required

First time guests for Chuan Spa's Traditional Chinese Medicine (TCM) treatments will need an initial consultation with our qualified TCM practitioner to better understand and evaluate your health and well-being . All treatments can be enjoyed as an one-off experience. However, TCM usually involves a series of treatment to improve one's general state of wellness.

Acupuncture

1 hr 15 mins
